

Instructor training Installation MC / TP / MH.

The training is suitable for those responsible for performing installation training in their local region on the Hek Modular Range covering the Mast Climbing Work Platform type MCM, Transport Platform type TPM and Material Hoist type MHM. As an *Installation Instructor* you are able to independently train installation personnel.

Products covered within the course: This course covers machine types of the Hek Modular Range. The Hek Modular Range consists of Mast Climbing Work Platform (MC), Transport Platform (TP), Material Hoist (MH) or a combination of types in Single and twin mast configurations. Guidelines for training on the preferred product and a practical exam is part of the training.

Modules to be covered:

- Instructions for registration.
- Instructions for certification.
- Basic training awareness.
- Practical exam of installation training.

Course format: This course comprises of both theoretical and practical training with written and practical assessments. During the theoretical session the basic setup of the training is presented as well as the procedures to follow for registration and certification. In the second part of the training the participant him-, herself will perform the complete installation training under supervision of an Alimak Hek B.V. Instructor.

Qualifications Issued: Those who successfully complete the course will be awarded with an "Alimak Hek PAL card" for "***Instructor Installation on MCM, TPM or MHM***".

Course Details:

- The duration of this course is 1 day theory and 2 days practical.
- Group size of 1 or 2 persons.
- Minimum age is 18.

Course Notification: Subscription to this training will be in mutual agreement providing a minimum notice of 15 working days to Alimak Hek B.V.

Pre competence: All Participants must be trained on the New Modular Range and must have installation and service experience over the last 6 months. Certification of **Installation training**.

Cost: Cost for training upon request.

Language: All Technical trainings are conducted in English or Dutch. If the training requires an interpreter this must be organised by the attending company and is allowed in case the training is scheduled for one single customer only.
